Community Visioning Workshop Scheduled for August 4th *Continuing the Vision for Chattahoochee's Future*

CHATTAHOOCHEE, July 11, 2014 – The planning process continues as the community works together to develop a long-range plan for Chattahoochee's future to promote historic preservation, downtown revitalization and economic development.

Chattahoochee Main Street will be hosting the second in a series of Community Visioning Workshops on Monday, August 4, at 6:30pm at the Florida State Hospital Chapel. If you would like to be a part of this revitalization planning process, you are cordially invited to attend. These workshops represent the beginning steps toward developing a Strategic Community Vision Plan belonging to the entire community; a plan that sets goals to promote our valuable natural resources, protect our heritage and preserve our history.

This second workshop will build upon the momentum created during the first visioning workshop previously held on June 2. The public input received to this point will be presented and discussed in more detail. There will also be opportunity to discuss the concepts and issues brought forth by Florida Main Street's consultant resource team during their presentation that was held on June 18.

The community's support and involvement in this process has been wonderful as we work together to create a strategic plan that is truly representative of the community's collective vision; a plan that everyone can take pride and ownership in.

If you are unable to attend this event, but wish to be a part of this important process, or if you would like more information, please contact Ben Chandler, Executive Director for Chattahoochee Main Street, Inc. at 663-2323 or email ben.chattahoocheemainstreet@gmail.com.
